

**'Your Trusted Partner'**

## Owners Protective Agency

We ensure that cargo operations do not conflict with your interests. You benefit by having one of the most experienced teams in Australia safeguarding your vessel.

**MONSON**  
AGENCIES AUSTRALIA

### Why choose us?

- Trust - Over 30 years of sustained growth and proven performance means you can trust us with your vessel.
- Our head office and centralised customer support hub is attended by senior management at all times to ensure service standards.
- We are located in the same time zone as the majority of Asian ports.
- Our head office is attended until 12pm European time.
- We supply full coverage of all Australian ports via 18 company owned offices.
- We offer tailor made accounting and reporting solutions as per your requirements.
- Documentation Services are offered by a dedicated team of documentation experts.
- We are constantly making significant investments in I.T. infrastructure for both operations and the back office to maintain an ever improving client experience.

### About Us

Employing over 85 staff in 18 company owned offices within reach of all Australian Ports, we specialise in providing shipping agency services for bulk commodities such as coal, iron ore, alumina, caustic soda, salt, mineral sands and grains.

We represent vessel owners, vessel charterers, commodity traders and shippers and producers of metals and minerals.

As your trusted partner, we ensure every element to be considered is accurate and compliant. You can be confident in our ability to problem solve and safeguard the operation of your vessel.

With offices in Singapore, India, Indonesia, Malaysia and China we are well equipped to handle your requirements throughout Asia.

**Let our solutions-orientated team provide you with a range of options available**
